

MEET THE TEACHER!

Prekindergarten

Madison Hoffman, Lead Prekindergarten

Hey! My name is Maddie and I am the new Pre-K teacher! I am so excited to start my teaching career at Kids First Academy and watch these little minds grow as they explore and learn.

I recently graduated from Ohio Northern University with a degree in early childhood education. I did a semester of student teaching in New Richmond with the first grade. I can't wait to use everything I have learned in my experience here.

I was born and raised here in Cincinnati with my twin, older brother and little sister. I am blessed with the opportunity to work and raise my daughter here in my home town.

When I'm not teaching in the classroom, I am outside teaching horseback riding. Besides that, I love crafting, sewing and knitting. I also have an obsession with friends- currently watching it for the 11th time.

I am so excited to teach the Pre-K!
