

MEET THE TEACHER!

Infant 2

Samantha Norkett, Lead Closing Teacher

Hello, my name is Samantha Norkett and I am one of the many teachers here at KFA. My family and I moved to Amelia in 2016 from Troy, Ohio. It was a big change for all of us. But after settling down we had come to love it here. I also have two children of my own that attend here at KFA, as well.

Before I had moved down here I was a bus driver for a small rural school district. I spent my time getting to know each and every one of my kids whose ages ranged from kindergarten to seniors. And though my time with them had come to an end, I rejoice to know that I get to spend my time with the kids here at KFA.

Children are so precious, they learn every second of the day during these first several years of their lives. And to be able to watch them grow up to be what they will one day become. I cannot wait to get to know your children and to be able to learn and grow along with them, though not only with them but also with you as well.
